|----------|---|
| 11.00 am | Housekeeping |
| 11.05 am | Energizer - How much do you know about our health services? |
| 11.20 am | Richard Sandford, Honorary Consultant in Medical Genetics , will be joining us to speak about an exciting new programme, developing NHS Genomics Medicine Services Alliances across England. The NHS will be the first health provider in the world to introduce a service that will predict disease and facilitate personalised treatment for population benefit. This programme builds on the 100.000 Genome project, which will support implementation of genomic medicine into the NHS. PPI participation supporting communication/engagement across the NHS GMS Alliance geography will be required. I hope the Citizens' Senate could offer representation across the East. |
| 11.45 am | Sian Brand, Social Prescribing Consultant , will be providing a strategic perspective regarding the Social Prescribing Link Worker (SPLW) role. Also to talk about 2 other personalised care roles that are coming on stream and how they relate to the SPLW.
Has your GP Practice recruited a SP Link Worker yet? |
| 12.10 | Involvement activity - 2 Citizen Senate members sharing their experience of events/projects/information etc |
| 12.30 | Close |
