Meeting ID: 773 574 6848

Passcode: Etanes

Agenda

11.00 - welcome & intro. We might do an energiser activity, just to get us warmed up.

11.10 - NHS strategy for Personalised Care. The Long Term Plan states that personalised care should be the norm for people living with long term conditions. Like one or two of you, I am doing the NHS course on Peer Leadership for Personalised Care. So, I would like to share NHS proposals, it may help us as well as family and friends. Further in the year, we can bring a specialist from the NHS Personalised Care Team to talk to us.
(Vicky is our expert by experience and knows all the pitfalls)

12.00 - Break (15 mins)

12.15 - Sharing Experience. The challenges of developing a service user led research bid' Sarah Rae will share her experience of applying for NHIR research funding and developing a multi-professional project delivery team. her project has been short-listed and she is now embarking on stage 2. This is a good example of how we as volunteers, can seek to create change.

12.40 - Sharing Experience. Colin Stodel will share his experience and observation of working with CCGs in the light of the pandemic. Colin will talk about the challenges and solutions, so that we can be aware of similar issues in our localities

13.00 - Involvement Opportunities. I want to check-in with everybody to find out who has taken up some of the recent calls, but also ensure you are all aware of projects/programmes requiring PPI

13.15 - Citizens' Senate sustainability - As I mentioned in my comms at the start of the year, there is pressure from Eastern for the CS to become self-sustainable. As we approach the end of the financial year, I want to share ideas and progress with you.

Thanks to Sarah & Colin for sharing their experience at this meeting

END
